

## MATERIAL INFORMATION

**Bogotá D.C., October 19, 2023.** Grupo Energía Bogotá S.A. E.S.P. ("GEB") informs that, in compliance with the Share Purchase and Sale Agreement entered into on September 6, 2023 ("Agreement") between GEB and Enel Colombia S.A. ESP, Enel Guatemala - Sociedad Anónima and Generadora Montecristo - Sociedad Anónima, to acquire 100% of the common shares of the company Transmisora de Energía Renovable - Sociedad Anónima, incorporated under the laws of Guatemala ("Transnova"), compliance with all the conditions precedent stipulated in the Contract was verified, and consequently, to date, GEB's subsidiaries in Guatemala, Conecta Energías, Sociedad Anonima and Transportadora de Energía de Centroamerica, Sociedad Anonima, have acquired 2.335,617 and 1 shares, respectively, concluding the process of acquiring all of Transnova's common shares.

Transnova has an annual income for the transmission system remunerated by tolls authorized by the National Electric Energy Commission of USD 3.36 million, in accordance with Resolution CNEE 6 of 2023, which is updated according to the Guatemalan regulatory practice of updating every 2 years.

The acquisition of Transnova will allow GEB to continue positioning itself in the Guatemalan market, allowing important synergies with its subsidiaries. It is noteworthy that Transnova through the Ministerial Authorization Agreement 258-2011 of December 14, 2011 was authorized by the Ministry of Energy and Mines of Guatemala to provide the electric energy transportation service for a term of 50 years as of December 21, 2011 of the project called "Uspantán and Chixoy II Substations and Uspantán-Chixoy II Transmission Line" with a voltage of 230 kV, located in the department of Quiché in the municipalities of San Miguel Uspantán and Chicamán and in the department of Alta Verapaz, in the municipality of San Cristóbal Verapaz.
